Dear Prime Minister,

On behalf of the participants who gathered in New York, I would like to express my sincere gratitude for your participation and engagement in the World Economic Forum Sustainable Development Impact Summit.

The summit created a unique platform for over 100 coalitions to turn commitments into action on climate change and sustainable development. Also, thanks to your insights, it was possible to build unprecedented cooperation between key stakeholders. This will hopefully bring the systemic change needed for an inclusive and sustainable global economy.

I am particularly grateful for your insightful remarks in the Sustainable Development in the Fourth Industrial Revolution plenary. As always, your valuable support and contributions are highly appreciated. I look forward to seeing you at the World Economic Forum Annual Meeting in Davos.

Yours sincerely,
