Dear Prime Minister,

I would like to express my sincere gratitude for your participation in the World Economic Forum Annual Meeting 2019, which was held under the theme Globalization 4.0: Shaping a Global Architecture in the Age of the Fourth Industrial Revolution.

At a watershed moment for the world, your contributions to the strategic dialogues convened in Davos were invaluable in raising the level of collective imagination and leadership resolve, injecting new energy into international cooperation.

The Annual Meeting was an important opportunity to shape Europe's future global leadership role in a new multipolar and multiconceptual world order. I deeply value your contributions to this topic, including your participation in the plenary session on the New Impetus for Europe. Likewise, your participation in the Climate Leadership session once again demonstrated the strong leadership role of the Netherlands in fighting climate change and in securing a sustainable future for all.

You can rely on the World Economic Forum – the International Organization for Public-Private Cooperation – to build on this important milestone and to continue delivering on its mission to improve the state of the world.

On behalf of the entire Forum community, thank you again for your crucial support and engagement.

Yours sincerely,

handtekening
