Dear Minister,

I am pleased to invite you to the inaugural World Economic Forum Global Technology Governance Summit, which will take place in San Francisco, USA, on 21 and 22 April 2020.

Building on the Forum's pioneering work on the Fourth Industrial Revolution, the meeting will bring together top decision-makers from government, business and civil society, as well as from start-ups and academia, to help scale human-centred approaches to technology governance at a pivotal time for global cooperation.

Given the leadership of the Netherlands in using innovation to deliver sustainable energy, participants at the summit would highly welcome hearing more about your experiences and priorities in navigating the challenges of this new technological era.

The Forum will work closely with your office over the coming months to build a personalized agenda that considers your evolving priorities.

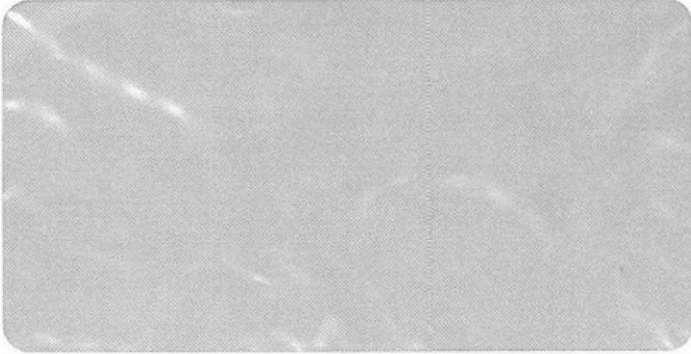

Yours sincerely,
